Hida

no the dp issue is resolved no

this time actually instead of resizing I cropped the img tag and centered the crop

oh super da

btw all my msgs are being saved so to whomever i am starting to type it gives the dropdown options

and even if i see the msgs notifications are still visible

no da catchup send notifications for every message

that's why like that

see now I typed 3 lines so u will get 3 notifications

ok da but now i saw ur msgs rite

but still i have these notifications
